

HOMA ZOHDİ

Full-Stack Developer | React / Next.js | Node.js / NestJS | TypeScript

Tehran, Iran | +98 910 160 3927 | hzhzohdi531@gmail.com | github.com/Homazd | linkedin.com/in/homa-zohdi

SUMMARY

Full-Stack Developer with 4+ years shipping complete web applications end to end, from React/Next.js frontends to Node.js/NestJS backends, including consumer-facing platforms serving tens of thousands of users. Comfortable owning the full delivery pipeline: database and API design (NestJS, Prisma, PostgreSQL), SSR/ISR rendering and reusable UI architecture on the frontend, and Docker-based deployment. Experienced designing and delivering a project independently end to end for a private client, and collaborating across frontend, backend, and product in Agile teams to ship complete features rather than isolated layers.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript (ES6+)

Backend: Node.js, NestJS, Prisma, PostgreSQL, REST API design

DevOps: Docker, Git & GitHub (PR reviews, clean commits)

Frontend: React.js, Next.js (v15, App Router, SSR / ISR), Redux, Zustand, React Query, RTK Query, Axios, Orval

UI & Design Systems: Reusable component libraries, Storybook, Material UI, Tailwind CSS, SASS/SCSS, Styled Components, Ant Design, Mantine, shadcn/ui

Performance: Core Web Vitals (LCP) optimization, code splitting, lazy loading, bundle-size reduction, SSR/ISR rendering

Workflow & Quality: Code review, WCAG 2.1 accessibility, Agile / Scrum, Jira

PROFESSIONAL EXPERIENCE

Software Engineer - WebCasting

Mar 2024 - Present

Tehran, Iran - On-site

- Contributed across the stack on a Video-On-Demand (VOD) platform (falakty.live): built the Next.js 15/TypeScript frontend with SSR/ISR and integrated REST APIs with Node.js/NestJS backend services, delivering a scalable, SEO-friendly, high-performance experience.
- Designed and maintained a reusable component library to drive UI consistency and reusability, and optimized SSR/ISR rendering strategies, reducing LCP by 40%.
- Reviewed peers' code and helped establish best practices and consistent patterns across the codebase.
- Partnered with UX/UI, backend, and product teams to deliver responsive, accessible (WCAG 2.1) features end to end, and took part in all Agile ceremonies.

Frontend Developer - Elegant Hoopoe

Mar 2023 - Feb 2024

Dubai, UAE - Remote

- Developed a healthcare web app with personalized health plans and real-time consultation booking, increasing user retention by 25%.
- Built a feature-rich CRM admin panel with Next.js, React Query, Tailwind CSS, Material UI, Storybook, and Orval, enabling operators to manage 10K+ patient records efficiently.
- Participated in Scrum rituals and code reviews, contributing to stable production releases with no critical bugs.

Frontend Developer - Siz-Tel

Jun 2022 - Feb 2023

Tehran, Iran - On-site

- Redesigned the customer-facing website using React, Mantine, and Ant Design, strengthening brand presence and doubling organic traffic.
- Engineered a high-throughput admin panel with Tailwind CSS, RTK Query, and Axios, resolving stability issues under high load (50K+ concurrent users).

Frontend Developer - Hasin Group

Jan 2022 - May 2022

Tehran, Iran - On-site

- Built a customer loan dashboard with real-time application tracking, payment schedules, and document upload.
- Built an admin CRM panel using React, Axios, Redux Saga, and Styled Components, streamlining operator workflows.

FREELANCE PROJECTS

Full-Stack Developer - Independent Client (Legal Services)

2026

- Designed and built a full-stack, Dockerized website and admin panel for an independent legal client (yakilzohdi.ir), owning both frontend (Next.js, TypeScript) and backend (NestJS, Prisma, PostgreSQL) end-to-end, delivered outside primary employment.
- Implemented a content management admin panel allowing the client to publish articles and manage available consultation hours in real time.
- Owned the engagement independently end to end - requirements gathering, architecture, UI/UX decisions, development, and deployment - working directly with a non-technical client.

EDUCATION

M.Sc. in Electrical Engineering - Amirkabir University of Technology

2017 - 2020

Tehran, Iran

B.Sc. in Electrical Engineering - Shahed University

2011 - 2015

Tehran, Iran

LANGUAGES

Persian (Native) | English (Advanced - Professional Working Proficiency)
